The Benedictine monastery is a spiritual, intellectual and cultural center, gem of Baroque architecture, UNESCO World Cultural Heritage and world-renowned historic attraction. Yet it is also school, economic driving force and employer.

Above all we are an open house and a place of encounter! Us being the community of Benedictine monks who have been living in Melk for more than 900 years, following the Rule of Saint Benedict. Ora et labora et lege – pray and work and read. Whether you are interested in spirituality, culture, education, history, nature or architecture: in this colorful conglomerate that is Melk Abbey you find it all. – Welcome!
